FISK ASKS FOR REASON WILL NOT RESIGN PLACE

POSTMASTER ARTHUR G. FISK (LEFT) OF SAN FRANCISCO,

ask for my resignation, and that
is what I now wish to learn.
TO LEARN MOTIVE.

My resignation is not a matter
of the next move will have to
come from Washington. Just
what they will do I cannot say
or what steps they will take to
remove me. I believe that will be
the ultimate end of the matter,
but I am going to find out what
the situation is at any rate, and
they will have to state to me
clearly the cause of their action.
I can see no justification in the
request for my resignation.

STILL ON JOB.
"So far as being over active in
politics, I have not meddled with
politics for a number of years,
having been too busily engaged in

executing the work of this office,
which has been constantly in-
creasing. If there is some one
after my job I do not know who
it is. They will have to get rid
of me before they make an ap-
pointment and I am still on the
job."

Whether or not he would receive
an answer to his telegram of refusal
today Postmaster Fisk did not venture
to say. It may be that the matter will
be called to the attention of President
Wilson, owing to the prominence of
the case and in view of recent rup-
ture in other departmental matters in
San Francisco. Whether or not the
President will back up the stand
taken by Postmaster General Burleson
is a question to which the supporters
of Postmaster Fisk anxiously await a
reply.

confined to the chopping through by
the firemen of air holes through the
floor to clear the basement in liberat-
ing their comrades and fighting the
fire.

The fire was discovered shortly
after 8 o'clock this morning by Silas
Lear, a negro excelsior and mattress
picker. Lear was trapped behind a
wall of flame and was rescued by
Joseph Phillips, a driver for the con-
cern. Both men sustained severe burns
about the hands and arms.

FURNITURE FORMS TRAP.

A veritable trap was made at the
center of the fire by the long piles of
furniture. According to General Man-
ager A. E. Anderson there was \$30,-
000 worth of stock in the basement
of the store, and this was piled in
long rows, the full length of the long
store.

Aisles about 2 1/2 to 3 feet in width
ran between the piles of furniture,
which was stacked from the floor to
within a few inches of the ceiling
of the basement.

The elevator and stairway are on
the west side of the building. The
fire started, apparently, against the

Driven to Suicide By New Excise Law in National Capital

WASHINGTON, July 1.—The
Jones-Works excise law, the most
drastic liquor law ever designed
for the District of Columbia, went
into effect today. Under its terms
not a drop of intoxicating liquor of
any kind can be purchased in the
national capital between the hours
of 1 o'clock and 7 o'clock in the
morning or evening.

The law is equally as rigid with the ex-
cise clubs as with the corner
saloon.

resting a few minutes returned to the
basement and resumed his work.

Lieutenant Max Dohrman of No. 1
was found lying in a stream of water
welling from the place where the
hose was being played upon the
flames. He was dragged by his com-
rades to the bottom of the street ele-
vator and was hoisted on the shoulders
of his companions up a ladder to the
street.

TAKEN TO HOSPITAL.

It was found impossible to revive
either Dohrman or Leahy and the
police patrol was summoned and
pushed the two men to the Receiving
hospital.

Assistant Fire Chief Sam Short, who
had worked, lantern in hand, direct-
ing the work of his men in the dark
basement of the place, was overcome
by smoke after working for over an
hour without coming to the upper air.
He was revived.

MYSTERY IN ORIGIN.

William Cross, manager of the fur-
niture and carpet department of the
store, one of the first to enter the
basement after smoke had been seen
issuing from the place, turned in the
alarm. Cross declared that he be-
lieved the fire was caused by crossed
wires or defective wiring.

Investigation by Fire Chief N. A.
Ball proved that this was not the case.
The origin of the fire, which was in
the pile of chairs and other furniture
in a dark alley against the east wall
of the basement, a place infrequently
visited, has been dropped there by
one of the workmen and that in pass-
ing through the alley this might have
been ignited by being stepped on
without the workman realizing this.
No one who had passed through this
alley was located among the men this
morning, however.

MAY PROBE FURTHER.

Captain Charles Beck, Captain of
Inspectors Lou F. Agnew, Inspectors
St. Clair Hodgkins, Thomas Wood,
William Kyle and Thomas Gallagher
entered the building and a further in-
vestigation of the cause of the blaze
may be made.

Fred Le Ballister, who placed a
hose on the fire, was over the place
this morning and concluded upon the
fact that in several places electric
light wires were crossed.

furniture firm appeared to have been
somewhat careless.

"There was about \$30,000 worth of
stock in the basement," said Manager
A. E. Anderson. "All this will have
to be sacrificed, as will all the
draperies, curtains and carpets in
other parts of the building. I think
the damage will run to about \$35,000.
I have no theory of the origin of the
fire."

Mrs. Dora Girard, owner of the
store, hurried to the scene. She de-
clined to be interviewed, but showed
great concern for the safety of the
firemen working to put out the flames.

Arguments Made in Injunction Matter

LONDON, July 1.—Lady Sackville and
her family entered a general denial today
of the allegations made by the relatives of
the late Sir John Murray Scott that the
Sackvilles had influenced Sir John to leave
them the bulk of his fortune of \$5,000,
or that Lady Sackville had alienated
him from his family.

The case for the defense concluded this
morning. Sir Edward Carson, addressing
the jury, pleaded that all the facts in
connection with the drawing of the will
by Sir John Murray Scott proved there
had been no coercion on the part of the
Sackville family.

GOMPERS TELLS BRIBERY STORY

Confirms Mulhall's Statement
In Inquiry of Senate on
Lobby.

American Federation of Labor, who
figured prominently in Mulhall's story
as the object of long continued at-
tack by those who attempted to bribe
him and force him to give up his
fight in behalf of labor legislation,
has made public a detailed report of
the attempted bribery. It confirms
the story told by Mulhall.

TELLS OF INTERVIEWS.

Gompers' statement is a report
that the labor leader prepared in
1907 after his experiences with
Broughton Brandenburg, now a
convict in Sing Sing prison, New
York, who claimed to be in the
employ of the National Association
of Manufacturers.

Efforts to secure private interviews
with Gompers aroused the latter's sus-
picion and he took a number of labor
leaders into his confidence and later
made a full report to them of the
occurrences that followed.

Gompers met Brandenburg, says the
report, under the advice and sugges-
tion of other officials of the American
Federation of Labor. Brandenburg
represented himself as in charge of
a bureau of the National Association
of Manufacturers, organized "to ex-
pose the immorality and dishonesty of

that you will be financially safe
for the balance of your life."

The Gompers report states that the in-
terview terminated there; that Gompers

CAMINETTI AND DIGGS CASES UP

Action Postponed by Court at Sacramento to Aid Federal Authorities

SACRAMENTO, July 1.—Over the objection of their attorneys, the arraignment of Peter Caminetti and Maury Diggs, indicted by the Sacramento grand jury on the charge of deserting their minor children, was postponed by Judge J. W. Hughes of the Superior Court yesterday for three weeks, or until Monday, July 31.

Assistant District Attorney Frank Atkinson, representing District Attorney Wachter, stated that the continuance of the arraignment was asked at the request of Benjamin McKinley, acting United States District Attorney and Nat L. Sullivan, special prosecutor, San Francisco, and that the Sacramento office was acting in harmony with the federal authorities.

Neither Diggs nor Caminetti were in court.

Attorneys S. Luke Howe, W. H. Devlin and Carroll Conover, who had been asked to appear for the defendants, stated that they desired an immediate trial on the Sacramento charges and asked that the continuance of the arraignment be delayed no longer than one week.

The purpose of our having the indictments presented by the Sacramento grand jury at that time was in the event that the authorities at Washington would be able to get the federal government to take action against the same defendants under the Mann act.

At this point the attorneys for Caminetti and Diggs entered an objection to the continuance.

Judge Carroll Cook of San Francisco, who came up with Anthony Caminetti, stated that he would not grant the continuance.

MISS AGNES DONOVAN.

Members of the La Palma club will hold their first dance of the third summer series tomorrow evening in Maple Hall.

The ball room will be brilliantly lighted and decorated with greenery and pennants bearing out a color scheme of blue and white. No details have been overlooked to insure the success of the dance.

Miss Agnes Donovan will assist on the reception committee which will include Mrs. Leroy H. Hackett, Miss Josephine Lewis, Mrs. A. J. Lewis and Miss Anna Christensen.

The floor committee will consist of Leroy H. Hackett, manager, C. C. Powell, O. K. J. J. R. Rosewater and W. J. Stephenson.

There was a night medicine containing opium or morphine. They will stipulate the dose of a legal trial, they contend and Diggs had not been out of the state a week, and that the charges of abandoning their children or for non-support could not be sustained.

Following the postponement of the arraignment of Diggs and Caminetti, Judge Hughes also set over until July 23 the action on the case of Miss Martha Conley.

Conley is under indictment for contributing to the delinquency of a minor. Her cases are before the juvenile court, in the matter of declaring them to be dependents.

At this point the attorneys for Caminetti and Diggs entered an objection to the continuance.

Judge Carroll Cook of San Francisco, who came up with Anthony Caminetti, stated that he would not grant the continuance.

PLAN OBSERVANCE OF SANE JULY 4

Lakeside Park and Lake Merritt to Be Scene of Big Celebration

All roads will lead to Oakland July 4, when the big Independence day celebration will be held at Lakeside Park and on Lake Merritt. Special rates will be offered by the Southern Pacific Company and excursions from Contra Costa points will be run by the Oakland and Antioch railway. The committees in charge will make every preparation for the visitors and no efforts will be spared to make their stays pleasant.

Features of the literary and musical program will be the singing in chorus of patriotic songs by 250 school children.

Camilla Burgermeister, the well-known localist, will render a number of selections among them "La Zingara," by Donizetti. The Appaloosa boys' choir, composed of veterans of the civil war will sing patriotic airs, and the audience will sing "America" at the conclusion of the exercises. Dr. Thomas A. Boyer will be orator of the day; James Henry MacLafferty will read an original poem, Professor L. D. Ingham will read the Declaration of Independence. Victor E. Gibson will be in charge of the ceremony of saluting the colors. W. E. Gibson will preside.

Water sports on Lake Merritt will follow. The feature will be a water baseball contest between the Dolphin Rowing Club and the Olympic Club. Swimming and rowing races and croquet and polo will be among the events.

A brilliant display of fireworks will be held on Lake Merritt in the evening.

The committees in charge of the celebration are as follows:

Finance committee—Theodore Gier (chairman), A. H. Schluster, Wilber Walker, W. J. Layman, A. S. Layman, H. C. Tait, F. H. Waters, W. R. Alberger and Fred Kahn.

Section Hand Attempts Bank Hold-up and Surrenders When Pursued.

CUMBERLAND, Tenn., July 1.—"Con" Barnes, 22 years old, a railroad section hand turned bandit yesterday, according to his own confession, attempted to hold up the Cumberland City bank shot the cashier and when pursued by citizens with nothing more formidable than stones for weapons threw down his rifle and pistol and meekly surrendered. His victim, Alton Fickard, may die. Barnes, unmasked, entered the bank with the command to "turn this thing over to me."

As Barnes looked up Barnes began to shoot. A messenger entered the bank Barnes turned and ran.

Citizens started in pursuit and twice Barnes stopped and opened fire but failed to hit any one. After a chase of several blocks Barnes showed signs of weariness finally dropping the gun, and pistol and holding up his hands as a sign of surrender. Barnes heretofore was a peaceable citizen.

KILLS RELATIVE. SHERIDAN, Ore., July 1.—Lon W. Davis, a parolee patient from the Oregon state hospital for insane in Salem, yesterday shot and killed Mrs. G. M. Stewart, his mother-in-law, and probably fatally wounded Benjamin Agee, a teamster, who attempted to overpower him. The tragedy happened in Baldston, five miles from Sheridan. The slayer was bound and held for the sheriff.

PLAN PICNIC TO AID WIDOWS AND ORPHANS

Money to be used in inaugurating a "widow-and-orphan" fund will be raised by the members of the Chavers Kadusha, a Jewish fraternal and charitable society, at the sixth annual picnic of the organization to be held at East Shore Park, Richmond, next Sunday.

The affair is in charge of a committee of which A. Schwartz is the chairman and Joseph Croter secretary.

Extensive arrangements are being made for the day's program. A baseball game and a series of athletic events will be features of the day. Addresses will be made by officials of the organization.

ENGINE PLUNGES INTO BAY; CREW NEAR DEATH

SAN FRANCISCO, July 1.—Two men had to swim for their lives yesterday when a freight engine of the Northwestern Pacific crashed through the new wharf at Tiburon into 50 feet of water. Engineer Salvare and Fireman Mikles leaped from the cab as the engine struck the water. Salvare was slightly injured and experienced difficulty in keeping afloat. Mikles kept him up till the boats rescued both. Railroad officials say it will take a week to raise the engine.

REVIVE FAVORITE COMIC OPERA

"Girofle-Girofla" Is Produced in Modern Fashion at Idora Amphitheater

Memories were revived at the Idora amphitheater last night when "Girofle-Girofla" was given to Oakland theater-goers for the first time in many years. Tuneful music, a capable cast and fresh costumes are features of the production.

Miss Mindel Kingston, taking the part of the twins, once again sang pleasingly and to say that she is winning the hearts of the audience is no exaggeration.

It mildly she carries them away with her. Ferris Hartman has a role that suits him and gets a lot of fun out of the Spanish grandee, Don Bolero.

Harry Pollard, George E. Egan, Miss Alice McComb and Laurence Bowes succeed in turning old lines, situations and songs into thoroughly modern.

The Judeans of Oakland will give their first midsummer dance Thursday evening July 17 at Maple Hall, Fourteenth and Webster streets. The grand march will commence at 8:30 p.m.

An excellent orchestra has been secured by the committee, which is endeavoring to make this affair a grand success. The committee consists of H. Miller, D. Cohn and L. Smook.

The next coming event will be a picnic to be held at East Shore Park, August 24. A large gathering will be present from both sides of the bay.

TO PAY INTEREST.

WASHINGTON, July 1.—National banks have paid about \$2,000,000 to the United States treasury as interest for one month on deposits of the federal government. This is the first step in carrying out Secretary McAdoo's recent order charging interest on government deposits at the rate of 2 percent per annum.

DOES NOT WANT WATER FRONT PLANS CHANGED

Editor TRIBUNE—Upon reading your editorial pertaining to the waterfront recommendations of Colonel Thomas H. Rees of the United States army engineers, I wish to take this particular advantage in approving and upholding the stand your editorial of June 27, 1933, has expressed regarding his recommendations and report of the east bay reclamation of the waterfront.

Before proceeding further with my probably uncalled for remarks, I wish to express a sentiment that I know exists among those citizens of Oakland who are most vitally concerned and interested in the welfare and progress of this great city, and who are going probably, more in proportion to their wealth and ability than any other class of people in this city to promote and encourage the future of Oakland. These people to whom I refer are not all like myself small but substantial real estate agents of this city, but are progressive, well to do property owners, which class represents about 30 percent of the conservative and well thinking citizens of Oakland.

It is not my wish nor desire to even presume to attempt to censor or attack the acts of those members of the commercial organizations of Oakland who recommended the endorsement of Colonel Thomas H. Rees' plan of reclamation, as I fully realize the desperate and discouraging support that these prominent members of Oakland have received at the hands of the people, state and government, in trying to develop the most wonderful waterfront on the Pacific coast. I fully appreciate and realize that after having labored as they have for the last twenty years with practically no results in developing the waterfront of Oakland that they might be willing to accept any plan that the government of the United States has approved but I do disapprove of their accepting the government's plan of reclaiming the Oakland waterfront after this city has expended time and money in developing the most satisfactory and economical plan of reclamation and has expended hundreds of thousands of dollars in furthering the development of the waterfront when the state and government have made recommendations for the last forty years with no real results, and have allowed us to suffer to the advantage of an envious city near by.

To say that Colonel Thomas H. Rees' plan of reclaiming the waterfront is a new project contemplated since the city of Oakland has developed her plans would be most unjust and unfair to this broad and far-sighted engineer of the United States government, but to approve of his plans at the present time with the opening of the Panama canal and the immediate necessity of a waterfront and harbor would be far more unjust to this city of Oakland than that for Colonel Rees or the government of the United States to expect us to even consider their present plan.

We all know and realize how slow the government of the United States is in effecting an improvement on the Pacific

coast that involves such a great expenditure of time and money where such a small proportion of the people of the United States are immediately and directly interested.

I hope THE OAKLAND TRIBUNE and the people of the east bay section will make as a unit to promote and further the present plans of the city government of Oakland in developing the waterfront plan that we have ultimately worked out and forget that there is a larger and broader plan on foot to develop a greater waterfront.

Let us act, do something and get that which is within our grasp. Yours truly

U. S. FEELS INCREASED COST OF FEEDING MEN

WASHINGTON, July 1.—The increasing cost of living the country over is demonstrated in contracts let by the treasury department for feeding the officers and men of the revenue cutter service during the next fiscal year beginning today.

New York City, according to the contracts, shows the greatest increase. It will cost \$426 per day to feed each sailor this year as against \$36 last year.

Baltimore and Boston are the only cities showing slight decreases in a long list, the cost in Baltimore dropping from \$41 to \$40 and in Boston from \$387 to \$383.

Other cities in the list showing increases in the cost of daily rations are: Astoria, Ore., from \$444 to \$461; Detroit, \$444 to \$465; Galveston, \$427 to \$452; Milwaukee, \$335 to \$413; Portland, Ore., \$375 to \$391; Port Townsend, Wash., \$386 to \$413; San Francisco, \$349 to \$351.

CLEVELAND VOTING ON "HOME RULE" CHARTER

CLEVELAND, O., July 1.—Citizens of Cleveland today are deciding at the polls on the question of the adoption of a "home rule" charter. The charter provides for the election of a mayor and 25 councilmen, all the other officers being appointive or under civil service. The initiative, referendum and recall of public officials are incorporated. Election ballots are now being sent.

CHANGE SEAT BARGAINED.

NEW YORK, July 1.—It became known this afternoon that the Stock Exchange seat and a recently by William Robinson to Orme Wilson Jr. changed hands for \$40,000. This is the lowest price paid for a seat on the exchange since 1914, when it was sold for \$41,000.

THE BUG IN THE REES HARBOR PLANS

Mr. Joseph E. Caine, recently imported from Salt Lake City to be managing director of the Oakland Commercial Club, can render no better service to this community than touting for the plan of harbor improvement devised by Colonel Rees, which is at bottom a real estate speculation, the quicker his services are dispensed with the better.

Mr. Caine knows nothing about Oakland harbor or the history of its development. He has no interest in this town other than to draw a salary out of it. He was employed to boost the city, and the first thing he does is to begin touting for a scheme that would destroy the work of years and

the city has already spent more than a million in developing. The real estate speculators have their own publicity agent, hence there is no reason why the Commercial Club should import another from Salt Lake to advocate building a dike through the middle of the harbor basin.

When it is pointed out that the plans of Colonel Rees are directly antagonistic to the views and plans of Colonel Heuer, who was for many years the government engineer in charge of river and harbor improvements on the Pacific Coast, the answer is that Colonel Rees is being impugned and that the objections are inspired by the Key Route Railroad Company. An impudently false pretense is set up as a defense of a scheme palpably promoted to serve private interests at the expense of the city's future. The press agents of this scheme are working overtime trying to hoodwink and drag public organizations to the support of a proposition to destroy Oakland's harbor basin. They have set up a scarecrow to fight because they dare not face the issue and meet the objections which have been urged against the Rees plan.

Whether the Key Route people are opposed to the Rees plan, or favor it, THE TRIBUNE does not know nor care. We have not heard that they have made any objection. A study of the Rees plans in this office was sufficient to prove that they are destructive of Oakland's interests. Therefore THE TRIBUNE voiced its disapproval and sounded the note of alarm. It expected to be covertly assailed by the private interests back of the Rees scheme, and hence accepts as a compliment the expressions of rage and disappointment which have emanated from certain sources.

Has any one attempted to defend building a dike through the center of the harbor basin? No. But the character and engineering skill of Colonel Rees have been extravagantly lauded. What of the character and engineering skill of Colonel Heuer, an army officer of tried probity and long experience, whose plans are upset and discarded at a breath. Mr. Caine's testimony is worthless because he knows nothing about the matter and has no interest in it save as the salaried agent of a commercial organization, which seems to have gone asleep at the switch.

The gentlemen who are shouting and touting for the Rees plan had better stop long enough to catch their breath and inquire who has touched them off and is supplying the grist they are recommending for public consumption. Mr. Caine, in particular, had better keep his shirt on. He is a little too new in this town to undertake the task of telling the people who reside here and pay taxes in this city what is best for them.

The Rees scheme is a proposition, in short, to fence the waterfront of Oakland and Berkeley with a huge dike that will make it impossible for vessels of great size to reach the wharves. It provides for a mosquito harbor that will be so absurdly inadequate for commercial purposes that the government can never be persuaded to finish it. Moreover, it deprives Oakland and Berkeley of the power to help themselves or take independent action for the improvement of their harbor facilities. But who cares if speculators can only unload unimproved tidelands at a big profit? What's the harbor compared to private gain?

Yawpers Across the Sea.

Last Saturday the small band of Japanese yawpers met in Tokio and yawped and yawped against the United States. The same day a company of American yawpers, members of Congress, too, met and yawped and yawped against Japan. One of these yawpers desiring to outyawp the rest, also yawped against England. These yawpers may be called the international coyote chorus. It is known that five coyotes can make a yawp that seems like it was made by thousands. The two nations will go quietly in their several ways, notwithstanding this yawp across the sea.

Governor Johnson is to be commended for killing the bill to pay wages to convicts confined in the State prisons. He also did the public a service when he dropped the bill to create an under-bakers' trust down the coal chute. It is to the Governor's credit that he killed a whole batch of bills to create unnecessary commissions and fret the people with expense and meddling officialdom. We believe in giving credit where credit is due.

William Kottner has offset the cut made in the tariff on sugar. He has secured the appointment of United States Attorney for the Southern District of California for a term of years. The law of compensation has not been abrogated.

The note of warning from the Dominican republic regarding Mr. Bryan's peace plan may be taken as a straight tip that the "outs" have the fire on the run down there.

WOULD UTILIZE RIVER AS CITY WATER SUPPLY

SACRAMENTO, July 1.—The Sacramento river as a future water source for Sacramento is recommended by the Chamber of Commerce water committee, appointed to investigate water supply, which handed in its report this afternoon. Several mountain water propositions were discarded.

The committee recommends that the chamber at once take steps to have the city secure an option on forty acres of land north of the city as a site for the filtration plant and urges the placing before the people of a proposition to vote \$1,000,000 bonds for the plant.

This is the third time within the last five years that the water problem has been investigated in Sacramento and each time the conclusions have been in favor of river water. Twice within recent years the city has voted on a filtration and proposition, but it has been defeated.

WOULD CHECK PROGRESS OF THE TOBACCO TRUST

BERLIN, July 1.—The German National Association of Chambers of Commerce called on its members yesterday to support actively its campaign to check the progress of the American tobacco trust in Germany and to educate the business world and German consumers up to the dangers arising from a possible trust monopoly. Two large defensive organizations of non-trust tobacco men have been formed already and business men are urged by the association to join them.

IT WAS A GOOD JOB, BUT MIGHT BE TOO HOT

SAN FRANCISCO, July 1.—Dan P. Ewing, first lieutenant to Secretary King of the Southern Pacific, yesterday turned down a \$5000 a year job and accepted another that'll pay him \$5. He wanted the big job and wanted it badly, and he would have taken it but for a little idiosyncrasy about cremation.

The \$5 job that Ewing gets is the secretaryship of the Taglie Salt Works railroad one of the Southern Pacific's toys—a little road five miles long that boasts the fulsome equipment of a donkey engine.

The \$5000 job was as secretary to an East Indian nabob—one with a name that looks like the alphabet. He found out that his job would be good for a lifetime but that when the boss died he'd be burned on the boss' funeral pyre, so his soul could accompany the boss' to wherever it was destined.

After long and mature consideration Ewing decided not to take any chances on being fuel. But he is a disappointed man.

GLASS PLANT CLOSES TO COMBAT STATE LAW

CRYSTAL CITY, Mo., July 1.—As the result of a strike of 600 glass-workers a week ago the Pittsburgh Plate Glass Company closed its plant here yesterday throwing 1250 men out of work. The company took this means of combating the demands of the strikers for an 8-hour day, in accordance with a recently enacted state law.

\$10,000 Window Awaits New Tariff

NEW YORK, July 1.—The Light of the World, a \$10,000 window made in London for the sanctuary of the Cathedral of St. John the Divine, is being held at the customs house here until the cathedral authorities learn the status of the tariff on windows. The present duty is 45 per cent, meaning \$4,500 on the window, but under the new bill the duty would only be 10 per cent. It is proposed that the window be left in the hands of the customs authorities until the fate of the new tariff bill is decided, but it has not yet been learned if this can be done. The window is said to be one of the largest and finest ever seen in America. It portrays Christ in heroic form, with the archangels around him.

LATE NEWS FROM RICHMOND

\$50,000 LOSS IN POLE YARD FIRE

Burning Grass in Richmond Disastrous for Big Electric Company

RICHMOND, July 1.—A grass fire which swept the hills of the western waterfront section of the city yesterday afternoon, fanned by a heavy west wind, spread to the pole yard of the Western Electric Company on the E. L. Line railroad about a mile west of the Standard Oil plant and destroyed over 7000 power and telephone poles before it was finally checked by Superintendent E. L. Kell and a force of his employees. Both the workers and volunteer fire fighters. The property loss is estimated at between \$40,000 and \$50,000 while more than half of the poles in stock at the local yards were destroyed.

The same grass fire, passing the pole yard, spread to the hill to the west of the Standard Oil plant. The company had already been warned of the fire and had posted a line of men at the crest of the hill to prevent it from spreading down the slope where a number of storage tanks filled with fuel oil were located near the asphalt plant. Two fire engines fought the fire before any attempt could be made to check it. It proceeded on down the hill toward the tanks.

An alarm of fire was sounded on the company's siren and a gang of men rushed to the scene of danger, where they fought the fire for some time before it reached the tanks. Other watches on the parts of the hills back of the Standard plant kept the fire from spreading about the other tanks of the field of storage reservoirs in that vicinity.

At the pole yard, Superintendent E. L. Kell had no fire fighting facilities in the immediate vicinity of the tanks. For a time the fire looked like it would meet with success. Then came a shift in the wind, sending it cupped by the poles. Poles after poles ignited, until the whole southern half of the yard was a mass of burning lumber. Through the center of the yard, while the poles in the southern half of the yard burned furiously, the fire fighters were able to keep the flames from jumping across the railroad tracks.

THREE CONTRACTS FOR NEW PAVING

Richmond City Council Has Much Business to Transact

RICHMOND, July 1.—The city council at its meeting in the city hall last evening awarded contracts for street paving of \$50,000 when completed. The contract for the paving of Roosevelt avenue from Tenth to Twelfth street, a total of \$20,647.10. The contract for the improvement of Essex avenue its entire length was awarded to the O. and C. Construction Company on its bid of \$19,209.32. W. J. Charles was low man for the improvement of One street from Tenth to Sixteenth and was given the contract, the work to cost a total of \$12,351.93.

Proctor, owners of Upper Santa Fe avenue petitioned the council to make some temporary improvements for sidewalks and the matter was referred to the street committee for an early report.

Fire Chief R. F. Passch was granted a vacation of two weeks, when his request for permission to leave was read by City Clerk A. F. Parker.

The protest against the improvement of Eighteenth street was bithulistic pavement was denied upon the recommendation of the street committee and the improvement will proceed under the present proceedings.

Plans and specifications for the improvement of Eleventh street from Barrett avenue to Clinton were accepted as submitted by the city engineer and the necessary resolutions to begin their passage were adopted by the council.

A resolution for the construction of a sewer system in the southern section of the city was introduced and the necessary proceedings started.

Just before the close of the council meeting Dooling, who retires from office today, thanked his colleagues for their support.

The council were high in their praise of Dooling and the work he has accomplished.

The council listened to lengthy arguments on the protest recently filed with the body by property owners in the vicinity against the proposal of the Pacific Gas and Electric Company to erect a large storage gas tank on its property at the corner of First street and Chandler avenue. The matter was finally laid over for another week.

RICHMOND CHIEF AFTER LOCAL AUTO SPEEDERS

RICHMOND, July 1.—Chief of Police J. P. Arnold announced today that he has taken steps to speed up the enforcement of the city ordinance that all automobiles must not be driven at a speed of over 15 miles within the city limits.

Motorists officers are to be placed on the principal thoroughfares and will keep a sharp lookout for any motorists who fail to heed the warning signs that have been installed calling for an observance of the city ordinance.

"Speeding has been especially prevalent in the outlying districts of the city," said Arnold, "and it is the duty of the police to see that the reckless in their driving whom we are after. While there have been few serious accidents in this city on account of speeding during the past month automobilists, especially strangers entering the city, have shown a disposition to travel at a speed far in excess of the safety margin and the only way to stop this practice is by strict enforcement of the city ordinance."

ADMITS SHE WAS MAN'S COMMON-LAW WIFE

RICHMOND, July 1.—In response to questions by attorneys and the court yesterday in Martinez, Ida J. Klinger testifying in her own behalf in an endeavor to secure letters of administration in the estate of Gottlieb Klinger of this city admitted that although she had lived with the deceased for 15 years, had borne the relation of a wife and had been known as his lawful wife, she was in reality his common-law wife, a marriage ceremony never having been performed.

Yesterday two petitions for administration, that of Mrs. Klinger and that of Fred Klinger, a son by the legal marriage who resides in Utah. The creditors of the estate learning of the mix-up as to legal heirs to the property, asked that a public administrator be appointed, this morning the matter was argued before the court and will be taken under advisement before a final opinion is rendered in the case.

LETTER LEADS TO ARREST OF ESCAPE

RICHMOND, July 1.—A letter of congratulation proved unwise in the case of James Buckley, an escaped prisoner from the county jail at Berkeley who was arrested yesterday at San Pablo by Constable J. F. Molozza and is now at the county jail in Martinez awaiting the arrival of sheriff's deputies from the northern county to take him back to serve out his uncompleted sentence.

Buckley escaped from the Humboldt county jail about a month ago and recently arrived in San Pablo. There he was suspected of being implicated in a burglary and while searching his room for supposed loot, Molozza found a letter congratulating the man on his escape from Humboldt county.

Molozza at once got into communication with the sheriff's office at Martinez and through that office the Humboldt sheriff was notified of Buckley's presence in this vicinity. A reply was received at once notifying Molozza to hold the man until officers can arrive to take him back to serve out his uncompleted term in the northern part of the state.

HUGE DECREASE SHOWN BY IMPORT FIGURES

NEW YORK, July 1.—Customs house merchandise imports at this port for the fiscal year ending yesterday aggregated \$1,040,754,513. This is a new high record. The figures for the previous 12 months ending June 30, 1912, were \$995,132,046.

During the current year domestic exports amounted to \$911,350,128, also a new high record. Last year the total was \$786,426,532.

Foreign exports amounted to \$17,066,922 this year, against \$15,469,675 for 1912.

Society

THE beginning of July was marked by the celebration of two weddings yesterday, and as the month goes on a number of dates for the all-important day have been announced by the belles who are about to take upon themselves the responsibilities of matrimony. Among the weddings of the week will be those of Miss Alberta

Miss Winifred Lewis and Albert N. Ebergh of Vancouver, which will take place in the evening at the home of Mrs. Ebergh, and Miss Alberta Dorothy Woodside and Roy L. Pratt, who will be wedded Saturday evening in Alameda.

One of the brides of yesterday was Miss Barbara Lucetta Reid, whose marriage to Ralph Edward Robson took place last evening at the Robson home on Harte street, Berkeley. Rev. Edward L. Parsons of St. Mark's Episcopal church read the ceremony in the presence of about sixty relatives and friends. The bride was a pretty picture in an exquisite gown of white brocade with lace and ribbon. She wore the Chi Omega wedding veil, which has been worn by six of her sorority sisters at their weddings. Her bouquet was a shower of lilies of the valley.

Miss Fernina Lathrop was the maid of honor, attired in a smart gown of pink champagne veiled in shadow lace. She carried a nosegay of pink roses over her arm. Miss Lathrop is the daughter of Mr. and Mrs. J. C. Lathrop of Stanford, and is a cousin of the bride. Little Doris Anderson of Reno, another cousin, was the flower girl, dressed in dainty white and carrying a basket of pink sweet peas. Mrs. Reid, the bride's mother, was groomed in pink embroidered mull. Herman Reid, her brother, acted as best man for Robson.

After a wedding supper Mr. and Mrs. Robson departed for a honeymoon trip of six weeks in the southern part of the state. They will spend a pretty month in Berkeley upon their return. Both are graduates of the University of California, where they won honors. Robson is the brother of Frederick Thurston Robson, whose marriage to Miss Frances Shattuck Woolsey was a social event of the winter. Mrs. Robson is the daughter of Mr. and Mrs. Robert L. Reid, and is a clever and attractive girl who has been a favorite member of Berkeley society.

SUMMER PLANS.
Among the jolly parties which will enliven the week-end celebration at Del Monte on the Fourth will be one including Mrs. Eugene Bessie, Miss Maudie McMahon, and Miss Marie Louise Tyson, the attractive daughter of Mr. and Mrs. George Tyson of Alameda. Miss Tyson, who is known for her good game of golf, will take part in the tournament which begins at Del Monte on Thursday. After her return next Monday Miss Tyson will accompany Mrs. Warren Harold to Shasta Springs for a stay of a fortnight.

PARTY RETURNS.
After a delightful week-end in Brookdale as the guests of Mrs. Bert S. Hubbard at a house party at her country home, a group of local society matrons were mostly the members of one of the card clubs of the winter, and among them were: Mrs. William A. Schrock, Mrs. Minnie J. Layman, Mrs. F. W. Morse, Mrs. J. Walter Scott, Mrs. John Maxwell, Mrs. J. Carroll Ewing, Mrs. H. Sidney Morgan, Mrs. Robert Borer, Mrs. A. E. Laskey.

TO ENTERTAIN LATER.
Mrs. George Wellington Emmons of Alameda and her two attractive daughters, Miss Marjorie and Miss Gladys Emmons, will soon reopen their country home near Monte Diablo, where they will spend part of the summer. The Emmons girls will entertain a number of parties of belles and beaux during the later months of the season.

TO DEPART FOR MOUNTAINS.
Miss Annie Florence Brown is planning to leave within a day or two for a vacation trip to the Feather River Canyon.

ON SOUTHERN TRIP.
Mr. and Mrs. George Moore Shaw Jr. are now upon their honeymoon trip to the south after a quiet wedding at the home of Mr. and Mrs. George M. Shaw Jr. yesterday afternoon. Mrs. Shaw is Miss Emma Scott. She is the daughter of a prominent mining man of Nevada and the niece of Mrs. Agnes B. McClelland of Berkeley, with whom she has made her home.

WEDDING QUIET.
Miss Viola Winkler became the bride of Max Koehnke Saturday afternoon at a simply arranged ceremony performed by Rev. Dr. James H. N. Williams of the College Avenue Methodist Episcopal church. Koehnke is a well known business man of Berkeley and is the president of an engraving company.

WEDDING AT INVERNESS

40 AVOID OUTRAGE BY COMMITTING SUICIDE

REBEL FORCES RIOT IN WILD EXCESSES

Consular Advices From Durango Charge Conduct of Brutal Bandits

Foreign Flags Not Respected; Government Troops March to Relieve City

MEXICO CITY, July 1.—Forty women residents, most of them of the better class, have committed suicide in the city of Durango since its occupation last week by the rebels after a long siege, according to a private letter received here from that city today. The women, it says, became desperate as the result of their treatment by the victorious rebels.

Consular advices say the rebels who entered Durango conducted themselves like bandits, burning a large part of the business section of the city after looting it and joining in the wildest excesses. The report says that foreign flags were not respected.

A few American citizens were wounded during the fighting while one Englishman was killed, according to these reports.

Private advices from other sources say that a group of German women in Durango were forced to submit to indignities from the rebel adherents.

The Mexican government is preparing a column of troops to march to the relief of the city, but many days must pass before its arrival here.

Although Provisional President Victoriano Huerta has accepted the invitation to meet the American residents of Mexico City during their festivities on the Fourth of July, the colony in Mexico City will celebrate without the American ambassador, Henry Lane Wilson, who has decided to go to Vera Cruz to participate in the festivities on board the vessels of the United States navy there. He will thus avoid the embarrassment of what might be construed into official contact between the president of the Mexican government and the representative of a nation which has not recognized his government.

DOUGLAS, Ariz., July 1.—Colonel Juan N. Medina, with between 300 and 400 well-armed and equipped men, left Agua Prieta early today on his march to assist General Villa in an attack on Juarez under the Madero administration, but never served his full term.

The men he now leads to attack his home town are a federal army of 1,000 men, carrying a heavy siege cannon, two mountain howitzers and four machine guns, with an ample supply of ammunition and provisions. The trip must be made overland and will require more than a week.

Lieutenant Ruiz, a federal army officer, today faced a firing squad at Agua Prieta. His execution followed a court martial conviction in which state officials assert Ruiz confessed to having been sent to join Medina's expedition by Colonel Vasquez, the federal commander at Juarez.

SAN DIEGO, July 1.—With a captain and crew of 11 men, a blue cat and all the distillate it could carry above and below decks, the gasoline schooner-yacht Paxinos, secured by the Richardson-Sonora Company of Guaymas, will clear for the west coast of Mexico. J. M. Rose is master of the Paxinos and he says he did not know what his orders would be until he reached Guaymas.

Members of the crew declare they are going to carry refugees from Guaymas and Mazatlan to ports outside the war zone and some of the refugees will be brought to the United States.

MADE CHIEF ENGINEER.

BERKELEY, July 1.—J. L. Dobbins of this city has been appointed acting chief engineer of the Tumana, Szczepan and Tengchow railway in China. The line is to be 300 miles in length. Dobbins is the son of the late Rev. and Mrs. H. H. Dobbins of 2600 Warring street.

'TIS A JOYOUS DAY AT IDORA, THIS TRIBUNE DAY, WHICH CLAIMS ITS MERRY THOUSANDS

YOUNG AND OLD THROUING THROUING GROUNDS

60,000 Make Merry During Day; Half as Many More Due Tonight

IDORA PARK is, at the present moment, and has been all day, a swirling, laughing mass of humanity. Thousands upon thousands are enjoying themselves and will enjoy themselves tonight, at the big amusement place, for today is the much-heralded TRIBUNE DAY. The people of four counties are the paper's guests at the big event and jollity and mirth reign unconfined. The crowd is over half made up of children. The little ones were among the most ardent demanders of THE TRIBUNE's free tickets, and from the time the park opened this morning were cut in force to enjoy the treat.

Early this morning the fun began, and by noon the concessions were crowded. So heavy did the crush become that it was necessary to place extra attendants in the most popular of the concessions to aid in taking care of THE TRIBUNE's guests. It is conservatively estimated that 60,000 people will have entered the park by 6 o'clock and that 20,000 more will be there this evening.

The scenic railway, which is immensely popular with the children, yelling and shouting, they rode around as if in the air, some held with joy as they dipped the dips and came away, ready for the next and the other concessions. With these glowing and eyes bright, the little ones gave themselves over to the joy of the occasion. The park was theirs.

PARENTS JOYFUL.

While the children were enjoying themselves their elders were not idle. The parents also like scenic railways and such concessions, as was proved by the large numbers of elders who also took in the paper's attractions.

This morning and tonight the park was crowded and tonight thousands more will be present. Thousands of free tickets were issued and they are coming into the park today as rapidly as they left the main and branch offices of THE TRIBUNE in the past few days.

Beginning at 10 o'clock each street car took increasing loads of guests to the park and a constant procession streamed through the gates.

GET CONCESSION PASSES.

Arrived at the park each person was presented with a free concession pass, admitting to the different features on THE TRIBUNE's free list. These included the scenic whirl, the scenic railroad, the teaser, the toboggan, the merry-go-round, the mountain slide, the shooting, the rapid, the rapids, the merry-go-round and moving pictures. From then on the rush began. The little ones made for the merry-go-round and the scenic railway. Concessions of action attracted. They wanted to move. The teaser, the scenic whirl and the toboggan all claimed their hundreds. Next before were the concessions of the big park so steadily. There wasn't chance for a breath or a moment's rest for the attendants in charge, once the park had opened.

OLIMAX TONIGHT.

TRIBUNE DAY was shown to be a success from the very first, but tonight will probably see the very climax of the affair. Under the thousands of bright lights of the park, gleaming through the trees, with the scenic show in the center, the fair, the merry-go-round and the many concessions working steadily for the benefit and enjoyment of THE TRIBUNE's guests, the park will present a scene of gaiety never before seen in the history of the great amusement place. The evening tonight will have the time of their lives. The affair will more resemble a great carnival than a night at an amusement park. Good-nature will reign and happiness will be the one and only object of the evening.

DAY A SUCCESS.

Little did even THE TRIBUNE anticipate, when it decided to entertain its friends, what a huge success the day would be. THE TRIBUNE expected a crowd and so did the park officials, but the huge number that came this afternoon was a complete surprise.

The park, true to its word to THE TRIBUNE when arrangements were made for the big day, handled all the guests and insured all the different attractions.

Not a hitch, not an unpleasant circumstance marred the pleasure of the day. The concessions worked with clocklike precision and the guests of the paper all had their chance at the amusement devices.

HURRY UP

If you would get in on some of the bargains now in suits, dresses, coats and waists. You can save one-half and buy on credit. A beautiful lot of new fall styles now on display.

circumstance marred the pleasure of the day. The concessions worked with clocklike precision and the guests of the paper all had their chance at the amusement devices.

HAD TIME OF THEIR LIVES.

Whirling about in the scenic railway, sliding from the whirling top of the scenic whirl platform and riding the wooden boats which bob up and down on the merry-go-round, the children of Alameda, Contra Costa, San Francisco and Solano counties had the time of their young lives. Idora Park is always pleasant for the little ones, but when they attend as invited guests, the tickets given them, it's better than ever. That's why they enjoyed themselves so much this afternoon. The Whirls and Tommies and Jennies and others were given a special run for the occasion.

TRIBUNE made good and the park made good, and as the little ones were asked to come and have the finest time this year and did, THEY made good!

TRIBUNE NIGHT GREATER.

Tonight more of the elders will be on the scene and for them the free

comic opera company, in its tinsel offering, will have an attraction. The free concessions, however, will be the greatest attraction of all. The scenic railway will have every one of its cars out and on the job. The toboggan, the merry-go-round, the mountain slide, the shooting, the rapid, the rapids, the merry-go-round, the scenic railway, the scenic whirl and the toboggan will be a mad, merry rush and fun will be faster and more furious as the crowds thicken.

TRIBUNE DAY is nearly over, but oh! You TRIBUNE NIGHT!

MARTINEZ, July 1.—That a chronic state of alcoholism was the indirect cause of death was what the defense of Charles Erickson will seek to prove, according to the opening statements by Attorney E. B. Taylor yesterday morning.

That the post mortem examination was insufficient was the testimony of Dr. William Lucas. The findings also at various points in the evidence of witnesses.

Sergeant Ruiz took the stand and said that shortly before the killing Erickson had come to him with the request that he do something to help his wife stop drinking and asking for advice. He was referred by Ruiz to Rev. D. W. Calfee.

That Erickson had wanted to leave his wife but had been persuaded to remain by the clergyman who told him that it was not right in the sight of God to secure a divorce, was also brought out at the trial. Also that a reconciliation took place on the wife's promise not to drink again. It was the breaking of this pledge that aroused Erickson to the fury during which he killed the mother of his child.

That Erickson had never drank and had kept his home well provided was the testimony of all witnesses that took the stand.

Weight of Karat Is To Be Standardized

NEW YORK, July 1.—Beginning today the weight of the karat, heretofore at slight variance in various trade circles, will be internationally standardized at 200 milligrams for weighing all kinds of gems and precious stones.

With the establishment of the new standard the city bureau of weights and measures introduced the innovation today of opening a special bureau to which the public generally is invited to submit jewels to determine the correct weight under the new unit. The bureau has received a certified set of weights, ranging from one two-hundredth of a karat to 2500 carats.

Will of Suicide Filed for Probate

KANSAS CITY, Mo., July 1.—The will of George Townsend, the interurban railway builder, who committed suicide in the Missouri river, was filed for probate yesterday afternoon. It leaves his estate to his relatives and to Mrs. M. A. Schadden, his private secretary.

The will was written September 15, 1906. In February of this year Townsend had gone over it, making alterations with pencil, changing many of the bequests. Since these changes were made Townsend had married. The widow is not mentioned in the will, but under the law can either take a widow's dower—a third—or a child's portion—a half. Mrs. Schadden received a sixth of the \$125,000 estate.

Stefansson Sails On Arctic Trip

SEATTLE, Wash., July 1.—Vilhjalmar Stefansson, commander of the Canadian Arctic exploring expedition, sailed today on the steamship Victoria for Nome, Alaska, to join his ship the whaler Karluk and gasoline powerboat Alaskan. With him sailed Dr. R. M. Anderson, his lieutenant, and James Murray, oceanographer, who was a member of the Shackleton South Pole party.

Stefansson will arrive at Nome about July 10 and the Karluk a few days later. The Alaskan already is at Nome. Dogs and sleds will be purchased at Nome and final preparations made for the invasion of the Arctic. The early clearing of Bering sea is believed to indicate favorable ice conditions in the Arctic. The Karluk and Alaskan will sail for Point Barrow, Alaska, July 20.

FALLS OVER PRECIPICE 200 FEET TO HIS DEATH

SEATTLE, Wash., July 1.—Jack Malloy, a bookkeeper, 23 years old, whose parents reside at Fondas Colo., was killed when he fell over a 200-foot precipice on Mount Cy, 30 miles east of here, which he and six companions were climbing. The men had reached an altitude of 2000 feet at which point the mountain is almost perpendicular. Malloy and a companion climbed to the top of a rock and it is supposed that while looking over the edge Malloy became dizzy and fell. His body was recovered.

BOY BADLY INJURED IN GAME OF BASEBALL

BAKER, Ore., July 1.—Leonard Swett, a local boy, while playing in a ball game here, was struck on the head with a pitched ball. His skull was fractured and his nose broken. Physicians have hopes for his recovery.

BOXCAR VICTIM MAY RECOVER AT HOSPITAL

George Tuhman, the young lad who fell from the top of a box car last evening at Linden and Twenty-fourth avenues, and suffered a fracture of the skull, is somewhat improved today, and may recover.

PLEADS GUILTY TO CRIME: BURNED WIFE AND SON

Nicholson of Vandalia, Mo., yesterday pleaded guilty in the Circuit Court to murdering his wife and their 3-year-old adopted son by pouring kerosene and gasoline over them while they slept and setting fire to their bed clothing. He was sentenced to life imprisonment.

Nicholson had become infatuated with his adopted daughter, Beanie. It was charged he killed his wife to obtain her \$1000 life insurance.

ADVISED THEFT.

Nicholson admitted the theft of a number of articles of clothing, valued at \$100, from the estate of his wife.

WATCH TRIBUNE BULLETINS

In keeping with its policy of being first into the field with the news, THE TRIBUNE has arranged to thoroughly cover all the special holiday events next Friday, July 4th. Both ball games, in the morning and in the afternoon, will be described play for play on THE TRIBUNE's bulletin board in front of THE TRIBUNE building, Eighth street, near Broadway. In addition, instantaneous and complete returns of the Rivers-Ritchie fight will be dictated from the ringside and written on a rolling sheet, commencing at 1:30 p. m. Then, without cost, those who are unable to attend either the fight or the ball games, may follow both almost as well as those who were actually present. They will know the result just as quickly. Make THE TRIBUNE building a rendezvous throughout the world on that day.

FIVE BURNED VETS OBLIGED TO SLUMBER IN HOTEL BLAZE

Twenty or More Injured; Aliens Booked to Sail Were in Building

Victims Lose Lives When Old Structure Goes up in Smoke

NEW YORK, July 1.—Five persons burned to death and twenty or more seriously injured in a fire which destroyed an immigrant hotel at 66, Greenwich street, in the downtown section, late last night, were all aliens who had been booked to sail from New York today for their homes in Europe. The bodies, which were removed to a police station early today, were those of three unidentified men, a woman and a child. They lost their lives in almost the twinkling of an eye when the ancient three-story brick building was crumpled by the flames.

MANY IN PLACE.

There were nearly seventy-five lodgers in the house, most of whom had come from other cities and had been provided with lodgings there by a steamship agent who was arranging for their passage to Europe. The little building was so crowded that six or more lodgers were placed in a single room. Many were burned as they dashed through the flaming hallway and were forced to leap to further injury as they landed on the pavements below. At least half a dozen were placed on the dangerous list at the hospital.

THOSE WHO ESCAPED.

Those who escaped left their clothing and money behind and it is believed that several thousand dollars in bills, representing the total savings of many of the aliens, was burned.

The police began an investigation of the fire today and its origin was mysterious and suspicion was aroused by the fact that another fire of unknown origin, which was easily extinguished, occurred in the same building the night before.

Trainloads Arrive At Midnight and Keep Quartermaster's Corps Busy.

55,000 Now Camped on Gettysburg Battlefield: 50,000 Were Evicted.

GETTYSBURG, Pa., July 1.—Despite efforts, thousands of veterans spent the night on Gettysburg field with nothing between them and the stars but their clothing and their courage, and nothing between them and the hard earth but a little more of the same thing.

It was not the fault of the regulars, and it was not the fault of the veterans. The railroads poured the thousands into Gettysburg the best they could, out train after train that was loaded for early, came crawling in near midnight and afterward. They kept coming from that hour until long after daylight, and shortly after breakfast the rush began again.

Major Normore of the quartermaster's department, U. S. A., who has the pulse of the vast camp under his fingers, did not go to bed at all and his little force of army officers kept him company. They provided blankets, pointed out tents and did all they could to satisfy the veterans that everything would be all right this morning.

5000 MORE.

Major Normore declared today that 50,000 more veterans would be on the field at night, 5000 more than have been looked for. Although half that amount would be camped in comfortable quarters, Major Normore said he would see everyone taken care of; that no one would be without a blanket and that everyone would have blankets and tents.

This was the first formal day of the great continental celebration. Although General and Wheeler had a skirmish near Gettysburg fifty years ago yesterday, it was on July 1 that the battle began that forced the Union troops out of Gettysburg back toward Cemetery ridge.

Colonel J. M. Schoonmaker, chairman of the Pennsylvania-Gettysburg commission, is in the big tent and Secretary of War Garrison, Governor Tamm, Pennsylvania Commander in Chief Alfred B. Beers of the G. A. R. and Commander in Chief General Bennett H. Young of the United Confederate Veterans, were listed as the principal speakers.

VETERANS GATHER.

Veterans of the Civil War, Union and Confederate, gathered together here today to commemorate the battle fought on Gettysburg field fifty years ago. They were welcomed by Lindsey M. Garrison, secretary of war, Mr. Garrison said.

"In the name of the nation I bid you welcome. In the name of the whole people of a united country, I bid you welcome. In the name of the people who recognize the high importance of this fraternal gathering, and are there to welcome you."

"Once again is Gettysburg the center of the world's attention. Once again does this field tremble under the tread of a mighty host, not now in fear, however, but in joy. The field of emity has become the field of unity. You have trodden under your feet the bitter weeds of hate and anger; and in their places have sprung up the pure flowers of friendship and love."

Gettysburg seems destined to be the stage upon which shall be unfolded the scenes of a great historic drama. Within the short span of fifty years its gentle slopes and placid pines have witnessed three scenes of great historic import, running the whole gamut of man's threefold nature. Each scene has been unique and typical of its kind: First, the battle, with its almost unexampled display of the physical powers of man; then the great heart and mind of Abraham Lincoln, bodied forth in his wonderful address delivered here; and last, this assembly, the deep spiritual significance of which

ERICKSON TRIAL DRAWS TO CLOSE

Endeavors to Show That Chronic Alcoholism Was Cause of Death

MARTINEZ, July 1.—That a chronic state of alcoholism was the indirect cause of death was what the defense of Charles Erickson will seek to prove, according to the opening statements by Attorney E. B. Taylor yesterday morning.

That the post mortem examination was insufficient was the testimony of Dr. William Lucas. The findings also at various points in the evidence of witnesses.

Sergeant Ruiz took the stand and said that shortly before the killing Erickson had come to him with the request that he do something to help his wife stop drinking and asking for advice. He was referred by Ruiz to Rev. D. W. Calfee.

That Erickson had wanted to leave his wife but had been persuaded to remain by the clergyman who told him that it was not right in the sight of God to secure a divorce, was also brought out at the trial. Also that a reconciliation took place on the wife's promise not to drink again. It was the breaking of this pledge that aroused Erickson to the fury during which he killed the mother of his child.

That Erickson had never drank and had kept his home well provided was the testimony of all witnesses that took the stand.

Clayton Bush Found Guilty; Sentenced

Clayton Bush, connected with the Turf Club, found guilty, a few days ago, of driving his automobile while drunk, was sentenced to pay a fine of \$300 or 150 days in the city prison, Judge Smith today. Judge Smith expressed regret that Bush had not been charged with a felony in the matter, as he declared that he believed there was sufficient evidence to hold him to answer on a greater charge than that placed against him.

Bush, known in sporting circles as having been connected with turf and gambling ventures, ran down Michael McLaughlin while intoxicated. McLaughlin is still at the Providence Hospital, and may suffer from the injuries received permanently.

SELECT 12 WOMEN TO SIT AS JURY

**Invasion by Man Is Forestalled
by Intervention of Judge
Dunne**

SAN FRANCISCO, July 1.—In answer to the peremptory challenge of Assistant District Attorney Maxwell McQuinn and Attorney Gilbert D. Dault, who represent Mrs. Bertha Williams, defendant in a felony case, eleven women were selected as the jury to hear and judge in the case of the woman who was charged with the invasion of the ranks, but in each instance the invasion was forestalled by the kindly intervention of Judge Dunne.

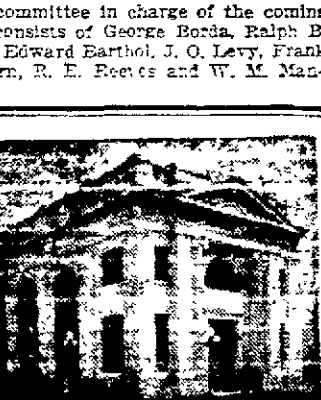

The questions flung out by the attorneys were not of the usual prosaic order. "Do you know anything about this case?" and "Would you be satisfied to have your daughter or sister tried by a jury in the same frame of mind as you are?" were the only questions asked and settled the possibilities of all of the talesmen or rather talewomen. Miss Anna Drobatz was the twelfth juror chosen. The jurors follow: Mrs. C. A. Bauer, Mrs. J. C. Levy, Mrs. Martin Regensburger, Mrs. Roy Williams, Mrs. Christina Felschleimer, Mrs. Anna Drobatz, Mrs. Emma McLaughlin, Mrs. D. P. Willhoit, Mrs. A. L. PREPARE TO HARVEST BAY COUNTIES' TOURIST CROP Organization Holds Enthusiastic Meeting and Banquet at Hotel Oakland

The Tourist Association of San Francisco Bay and River Counties held its annual meeting and banquet last night at the Hotel Oakland, over 150 delegates being in attendance.

Proceedings commenced with the holding of committee meetings, and for two hours these sub-organizations remained in executive session, wrestling with the tourist problem in all its phases.

Dinner was served in the grillroom at 7 o'clock, the tables being simply but tastefully adorned with flowers, and the meal itself being marked with a certain informal courtesy which spoke volumes for the unity of spirit that characterized the assemblage as a whole. A touch of fancy was noticeable in the dessert, the ice cream being molded in the shape of giant acorns in two natural colors.

PLANS ARE EXTENSIVE.

Chambers of commerce, development

committees from the various portions of the state, and some from much farther away, were represented at the meeting and all seemed to be in complete accord in carrying out the purposes of the association. Immediate financial needs are at present estimated for a ten-dollar monthly assessment from each member, and plans are on foot for securing a much larger permanent income for the work to which the members are devoted, to make California better known to the traveling public to transpire for a

PERSONAL EFFORT NEEDED.

Colin McLeane, secretary of the Santa Clara County Chamber of Commerce, said that the success of the association depends on the personal effort of each member.

Alfred F. Hunt, head of the publicity bureau of the Hotel Oakland, said that the association is a very real thing, and that the members who live here, he said, are often those who know least regarding the world-famous beauties which surround them.

Edward D. Moore, managing director of the association, said that he was engaged in preparing for publication. "I had ninety pages to fill," he said, "and I was wondering where to find in Oakland sufficient material, but when I once got to work I found so much that I could not omit under any consideration, that my trouble was to get all the valuable information in hand into so small a compass."

REALTY SYNDICATE BEGINS SELLING CAMPAIGN

F. M. Smith Lands to Be Disposed of Within Next Five Years

Glen C. Barnhardt to Succeed Paul Dinsmore as General Manager

Another milestone was reached today by the trustees who have in hand the reorganization of the F. M. Smith interests. In the first place this is the last day in which Syndicate Sixes may be exchanged with the trustees for short term secured bonds paying 6 per cent interest

campaign of Realty Syndicate lands, one of the largest single assets of the Smith interests, will be launched, a campaign which has no precedent in the bay cities, and probably not in the entire state, and in preparation for this campaign a reorganization of the selling force in the Realty Syndicate will take place.

Beginning tomorrow Glen C. Barnhardt, who has had charge of the certificate department, will be general manager of the Realty Syndicate Company, a place which has been held by Paul Dinsmore and under the management of Barnhardt the entire land holdings of the Syndicate will be disposed of within the next five years.

With the proceeds of this land sale every dollar of the obligations of the Realty Syndicate will be paid off, and a good surplus will remain. Barnhardt says that the land held by the Syndicate is worth something like \$12,000,000 in excess of all obligations, which means that the total value of the sales for the next five years will aggregate fully \$15,000,000.

Dinsmore is one of the very last of the employees of the Syndicate who worked under the Smith-Havens regime, which separated some three years ago, and he has taken a position with the Wickham Havens Inc. firm as manager of the real estate department. He has had charge of the Realty Syndicate real estate department for the last eight years.

WILL BE ASSISTED.

Barnhardt will be assisted in his work by F. W. Morehouse, as secretary. Barnhardt is an expert advertising man, and his selection to the office as general manager will mean the concentration of every effort on the selling end of the business. As head of the certificate department he has acquired a wide knowledge of the Syndicate's debt, knows the value of the land holdings intimately, and has had a wide experience in placing the property of the Syndicate before the public.

Before he became manager of the certificate department he was the advertising manager for the Syndicate for several years.

By a policy of retrenchments commenced by the trustees in the various Smith concerns a saving of \$50,000 a month, or \$600,000 a year, has already been effected, and will be continued through.

Defeats Mrs. L. Long in Oakland Ladies' Singles; Presented Trophy.

At the Mosswood tennis courts Sunday morning Miss Carmen Tarilton, holder of the Alameda county championship in ladies' singles, met and defeated Mrs. Lottie Long in one of the most hotly contested tournaments among the Oakland women tennis players.

Miss Tarilton was presented with a handsome loving cup by the Maxwell Hardware Company in honor of her victory. The trophy is given outright instead of it being necessary to win the same during several tournaments. The winning of this event places Miss Tarilton at the top of the Oakland players.

Miss Tarilton won by the score of 10-8, 6-2. While her victory was in straight sets it is, nevertheless, true that she had a tough fight at the first time in the first set might have made an immense difference in the final result. Miss Long led the champion nearly all of the way in the first set up to eight games all, and on four different occasions was within one point of capturing the set. The winning of this point at that particular time would have had a tendency to dishearten the champion and also make it necessary for her to win the next two sets, and the additional effort to do so on such a warm day as yesterday proved to be a vain task. She was extremely difficult for her to pull through victoriously.

The loss of the first set by Mrs. Long after having been within one point of victory so many times seemed to dishearten her in the second set, when she soon became the victim of numerous drives and smashes in rapid succession from the racket of her opponent, who early in the set took advantage of her previous victory and set a pace which was most difficult to follow. It was very noticeable that the possession of a good overhead smash was the means of earning a large number of points on the part of Miss Tarilton. Her wonderful strength and powerful body make it possible for her to use this stroke with telling effect, and all this inside of the service line met with certain results. In her overhead work Miss Tarilton hits the ball with a free arm swing and places with such accuracy that a return is practically impossible. It was observed that while the champion was irresistible in her overhead work inside of the service lines she lost a great many points on back of the service lines. Mrs. Long exercised the best of judgment and displayed a considerable knowledge of the tactics of the game. When she abandoned her usual strokes and began lobbing deep to her opponent and thereby winning a large percentage of the rallies. All things considered the quality of yesterday's contest between Mrs. Long and Miss Tarilton was the best seen on the Oakland courts and will have a most beneficial effect upon

TUNNEL ROAD NOT OPEN FOR TRAVEL

Automobiles Will Be Allowed Through on the Fourth and Sunday

(By EDMUND CRINNION.)

A road bed all the way from 25 to a 40 foot width, with no grades over six per cent, and smooth as glass for miles over one of the closest and most scenic of the many beautiful short tours to be had in Alameda and Contra Costa counties, is the story in its entirety of the new Tunnel road that will be soon completed and ready for travel.

The road crew of the R. N. Burgess company under the supervision of H. J. Day, is at present working with teams and a mammoth steam shovel building a new grade just above Glorietta. The road from the tunnel to Glorietta is almost complete and automobiles can now travel over this section of the road as far as the scene of activities where they must turn back.

According to Engineer Day in charge of the work the morning public will be allowed through the road on the Fourth of July and also on Sunday. The road is to be used as a scenic drive and will be the final completed according to Day, but the crews are working rapidly and when the road is finally built there will be no need of any other road to be had any more. The old road has been abandoned entirely. The massive stone archway which was built over the old road and which was built to last for centuries will be left to stand as a monument to the past.

The route down close to the creek bed from the Fish ranch on, has been abandoned and the new road is cut in the hill on the left and runs along some 15 feet higher than the old road. A party of local motorists made the trip over the roadbed yesterday in a Buick car with G. H. McCutcheon, manager of the Oakland Automobile company's branch in Oakland and representatives of TRIP, TRIP, TRIP. The only criticism of this route that needs attention now is the

Oakland Youth Saved From Jail Sentence by Plea of Mother

STOCKTON, July 1.—Youth and the plea of a benevolent mother saved George Griffin, an Oakland boy, from being sent to the penitentiary yesterday by Judge Frank Smith, before whom he pleaded guilty to a charge of burglary. The court first announced that he saw no reason for leniency, but he was moved to compassion by the promise of the mother and agreed to continue the matter until June, 1916, at which time the charge will be dismissed if the youth has reformed.

Tired of parental restraint and determined to see the world with a number of boon companions, Griffin left his home in Oakland about four months ago. At Los Angeles he was arrested for robbing a store and was shot while attempting to escape.

FIRE STARTED IN REVENGE, BELIEF

Nurse Gives Alarm and Checks Flames at Hospital Ahead of Firemen

LIVERMORE, July 1.—A fire believed to have been started in a spirit of revenge by a discharged employee endangered the lives of the patients of Livermore hospital last night, and only the prompt action on the part of Miss Janet Wilson, a plucky nurse, saved the building from destruction. In making her way from one ward to another last night Miss Wilson observed coming from a room in the lower part of the building. She hastened downstairs and saw a man working in a lower room was on fire, while a pile of burning papers pointed to the fire being the work of an incendiary.

Dismissing the man, Miss Wilson gave the alarm and then returned in a plucky endeavor to stamp out the flames before they spread to the rest of the building. Seizing a bucket, the plucky nurse drenched the flames and the fire was extinguished. The progress of the flames before she received assistance from the rest of the hospital staff. Considerable excitement prevailed and it was thought at first that the patients would have to be removed from the hospital. The action of the young nurse, however, prevented this, and the arrival of the fire department and the flames were well under control. Miss Wilson was warmly commended on her efforts in preventing the spread of the fire, which might have had serious consequences.

RAILROAD OFFICIAL DIES AT SANATORIUM

SAN FRANCISCO, July 1.—Elwood D. Hibbs, general superintendent of the United Railroads of San Francisco, died yesterday at the Adler sanatorium after an illness extending over a year.

Hibbs, who was born in Bristol, Pa., October 27, 1859 began his railroad career with the Pennsylvania railroad at its executive offices in Philadelphia. In 1896 he was appointed general auditor of the Consolidated Traction company afterwards the North Jersey Street Railway Company, and later the Public Service Corporation of Jersey City, New Jersey, remaining with the last mentioned company until 1904, when he came to San Francisco. He has occupied the position of general superintendent of the United Railroads since his arrival in the city and his devotion to duty and the interest he has taken in the public welfare have won for him a host of friends who mourn his loss. He leaves a widow and daughter.

The funeral will be held from N. Gray & Co.'s funeral parlor, Geary Street, Divisadero streets, at 2 p. m. Thursday next.

CUBAN CONGRESS ADJOURNS.

HAVANA, July 1.—The Cuban congress adjourned last night, the Senate failing to pass the budget, which previously had passed the house, but the committee to which it had been referred reported that it lacked time to make a complete study of it. In consequence of this President Menocal will be compelled to place in effect the budget of last year.

How to Make Your Hair Beautiful

Ten Minutes' Home Treatment Works Wonders. Stops Falling Hair, Itching Scalp and Dandruff, and Makes the Hair Soft, Brilliant, Lustrous and Pluffy.

Better than all the so-called "hair tonics" in the world is a simple old-fashioned home recipe consisting of plain Bay Rum, Lavender (decomposed), and a little Menthol Crystals. These three mixed at home in a few minutes, work wonders with any scalp. Try it just one night and you will find your dandruff, itching scalp, and falling hair, all gone. Add the Lavender, shake well and let it stand for an hour before using. Apply it by putting a little of the mixture on a soft cloth. Draw this cloth slowly through the hair, taking just one small strand at a time. This cleanses the hair and scalp of dirt, dust and excessive oil, and makes the hair deliciously soft, lustrous and pluffy. To stop the hair from falling and to make it grow again rub the lotion beside into the scalp with the finger tips, or a medium stiff brush. Apply night and morning a few days use and you cannot find a single loose or straggling hair. They will be locked on your scalp as tight as a vice. Dandruff will disappear and itching cease. In ten days you will find your downy new hairs sprouting up all over your scalp, and this new hair will grow with wonderful rapidity.

Any druggist can sell you the above. The prescription is very inexpensive and we know of nothing so effective and certain in its result.
